

QUESTION RIGHT OF JUDGE TO ACCEPT OTHER EMPLOYMENT

Case Will Be Left Entirely to Committee
Composed of Lawyers to Decide if There is
Sufficient Ground to Justify Presentation of
the Case to the House of Representatives

(By The Associated Press)
WASHINGTON, Feb. 21.—The right of a federal judge to accept outside employment while serving on the bench was sharply questioned by members of the house judiciary committee today in considering impeachment charges against Judge Kenesaw Mountain Landis.

After Representative Welty, Democrat, of Ohio, had outlined the grounds on which he asked for the impeachment of Judge Landis because of his \$42,500 a year contract as supreme arbiter of organized baseball, members insisted that the committee should go thoroughly into the case. With this in view Chairman Volstead announced that the question would be taken up Wednesday.

It will be left entirely for the committee composed exclusively of lawyers to decide whether there is sufficient ground to justify presentation of the case to the House of Representatives. Should the House vote to impeach, the Senate would sit as the trial court. Three Republicans of the committee, Representative Husted, New York; Goodknight, West Virginia; and Boes, Iowa, openly expressed opposition to the double service of the judge. Mr. Husted declared that acceptance of so large an outside salary was "outrageous."

Mr. Boes thought the judge might be forced by public opinion to quit one job.

Packers Might Employ Judge.
Mr. Goodknight said that if Judge Landis' course was legally and morally proper, there was nothing to prevent the meat packers or others employing a man on the bench to look after their interests, while still acting as judge. Asked to explain why Judge Landis had been picked by organized baseball to sit as arbiter, Mr. Welty presented a letter from Chicago which purported to quote one of the magnates as saying that Landis as a judge meant everything to baseball, but that Landis as a private citizen meant nothing. Mr. Welty was emphatic in the assertion that this was the real basis for his appointment.

Some members expressed the view that while the committee might not vote to impeach, the charges would not be dismissed without possible censure or criticism. It also was said that Mr. Welty's bill making it unlawful for a federal judge to accept any pay except that allowed him by the government, probably would be reported out with a recommendation for speedy enactment. This, they said would cure the evil condition, mentioned by Mr. Welty.

Only One Defense of Landis.
The only defense of Judge Landis was made by Representative Gallivan, Democrat, of Massachusetts, not a member of the committee, who announced that he desired to be heard. Mr. Welty, Mr. Gallivan asserted had failed to substantiate his charges.

The attorney general's opinion that Judge Landis was within the law was read without comment. There was much discussion after Mr. Husted asked what would happen if every federal judge should follow the example of Judge Landis. Probably would be reported on the point of going directly into this when the suggestion was made that it was a more proper subject of discussion for another meeting behind closed doors.

SOLDIER BONUS BILL WILL BE DELAYED

Chairman Penrose of the Finance Committee Reports No Action Will Be Taken Until Extra Session of Congress.

WASHINGTON, Feb. 21.—Soldier bonus legislation will be delayed by the senate until the extra session of congress, Chairman Penrose of the finance committee said today in connection with a statement by Senator McCumber, Republican, North Dakota, that he was preparing "for the senate and the American people" a detailed statement of costs of relief measure.

Mr. McCumber explained that he was delivering into every phase of the proposed bonus, so far as costs were concerned. Mr. Penrose interrupted to say that every one "understood that the actual legislation to pay the bonus would not be attempted until the next session."

It should be handled properly at all, he said, and he feared the law of the last few days might destroy deserving features.

THE WASHINGTONS PAY RESPECT TO DECEASED MEMBERS

Mt. Vernon Plot Remains Closed to Public

FEW WASHINGTONS
IN PUBLIC LIFE

(By The Associated Press)
NAZARETH, Penn., Feb. 21.—The Washington family want the family burial plot in Mount Vernon closed to the public and the names of the Conrads, who are descendants from some of the Washingtons, removed from the monument in the enclosure, according to George Stepto Washington, who spoke before the Colonial association of Nazareth hall, a school here tonight.

Mr. Washington's parents were descended from two brothers of the first President.

Recalling that the family burial plot was not included in the sale of Mount Vernon to the association which now owns it, Mr. Washington said:

"The family reserves the right to close off this space at anytime, and to inter the bodies of George Washington and his wife—and once interred, they will not be on view. The association and the public have no rights on this half acre. The association, without any right, allowed the Conrads to put the names of some deceased members on the monument in this reserved space. These names will have to be removed."

Dealing with the Washingtons in the world war, Mr. Washington said that many of the young men had enlisted in the army as privates.

"There are few Washingtons in public life. I suppose they feel that the example set is too good to live up to. There is one who is an admiral."

"Going back to George Washington, I believe the accepted thought of his family is that his greatest act was to refuse to be made king of these United States."

"He was fond of the ladies and had several very desperate love affairs. He was a hard fighter, a hard worker, a hard lover and like most of the Washingtons, was fond of his family and devoted to his mother."

FIVE MEN ARE
UNACCOUNTED FOR

Fire broke out in the debris late today and temporarily halted the work of rescue but soon was extinguished.

An investigation has been ordered by W. S. Fitzgerald.

PROHIBITION PUTS FOUR AMENDMENTS AMERICAN SHIPS TO FORDNEY BILL TO DISADVANTAGE PASS COMMITTEE

Can't Compete With Foreign Lines Without Booze and Jazz

SHIPPING BOARD
RECEIVES SUGGESTIONS

(By The Associated Press)
WASHINGTON, Feb. 21.—Liquor and jazz music were variously suggested to the shipping board today as a means of enabling American passenger ships to compete on an equality with foreign liners.

The proposals were advanced at a conference held by the board with representatives of the Pacific coast ports on the allocation of new ships to the west coast and the establishment of trade routes to the orient.

E. F. Blane of Seattle told the board he did not believe American ships were going to be well patronized if "there were soft drinks, and prayer books in their saloons, while Roger D. Pinne, of Astoria, Oregon, declared the people of his district were of a definite opinion regarding liquor and as to the hymn books we could put a little jazz music on board and keep within the law."

James A. Emery of San Francisco, said he agreed with Mr. Blane with the qualification that "the ships ought to be dry, but the passengers wet."

Recommendations for the distribution of the eleven new 535 foot combination passenger and cargo vessels built by the board among the Pacific ports were presented to the board. The new ships are needed to develop trade with the orient, port representatives argued if this country is to compete with the Japanese and British shipping lines operating out of the west coast.

PROTEST AGAINST LOANS TO ALLIES RECEIVES ANSWER

Strong Effort Being Made to Stop Further Negotiations

SAY HEARST ACTION
WAS NOT NECESSARY

(By The Associated Press)
WASHINGTON, Feb. 21.—Foreign loans extended by the treasury during the war and since the armistice were vigorously defended by Government officials today in reply to protests against any further exercise of the Government's loan powers.

Secretary Houston of the treasury resumed testimony before the Senate judiciary committee on the Reed bill directing the stoppage of further loan negotiations with the debtor nations. At the same time, Solicitor General Frierson, responded in the court to the suit brought by William Randolph Hearst to prevent further financial transactions with foreign governments.

Mr. Houston was excused from further appearance before the committee after he had presented a mass of correspondence covering the entire subject of negotiations. He, however, left Nicholas Kelly, assistant secretary in charge of foreign loans at the disposal of the committee, while it continued the investigation. Mr. Frierson before the District of Columbia supreme court declared there was no necessity for the injunction brought by Mr. Hearst as a taxpayer as Secretary Houston had no intention of establishing additional credit to foreign powers. The solicitor general reviewed at length the conditions under which money was advanced to the Kerensky government of Russia. He also asserted that Secretary Houston did not concede that the plaintiff possessed a status entitling him to call in question the various credits or that the court had any jurisdiction to determine such a controversy.

Counsel for Mr. Hearst declared that the supreme court of the United States had never refused to entertain a suit by a taxpayer to prevent a federal official from disposing of the money or property of the United States in an alleged unlawful manner. It also was maintained that a taxpayer has all the interest that is required to sustain an executive official.

The Senate committee today confined its efforts to the French, Czech-Slovakia and Librarian loans and announced that it would examine the papers in the case of each transaction until it had established whether the loans were legally made.

The conference session ended, however, with its members widely separated on the question of duties on wheat, olives and sugar and also as to the length of long staple cotton which should be protected.

Democratic members of the house committee declared after the meeting that the few changes made in the bill as it passed the senate.

Altho Republican members of the conference declined to discuss what had gone on behind the closed doors, their Democratic colleagues freely stated that the Republicans apparently were willing to take the broader senate bill and had expressed the hope that by accepting the senate amendments that the bill could be sent earlier to the president.

Their intention, it was said, was to have time to attempt to override a presidential veto if such were necessary.

HARDING APPOINTS HARRY DOUGHERTY ATTORNEY GENERAL

President-Elect in Making Appointment Paid Tribute to Mr. Daugherty Who Was His Campaign Manager—Opposition Served to Strengthen Harding's Faith in Appointee

(By The Associated Press)

ST. AUGUSTINE, Fla., Feb. 21.—President-Elect Harding today announced definitely his decision to appoint Harry M. Daugherty of Ohio to the attorney generalship and at the same time laid down in pointed fashion the public and political considerations on which he is building his cabinet. In making the announcement the president-elect paid tribute to Mr. Daugherty who was his campaign manager and added that opposition had only strengthened his faith in the wisdom of the appointment. Later Mr. Daugherty issued a brief statement from Harding headquarters here saying that no one could refuse to serve under the circumstances.

Speaking of the cabinet generally Mr. Harding declared three broad principles were guiding his selections. The first quality of an ideal cabinet, he said, was a capacity for efficient public service, while the second was an ability to command popular support and the third must grow out of natural and proper political consideration.

"This is going to be a Republican cabinet," continued the President-elect, "you may count on that. And you may be sure that it will be a cabinet of which the whole country can be proud. As in the case of Charles E. Hughes, whose appointment as secretary of state was formally announced Saturday Mr. Daugherty's selection to the cabinet generally has been expected among those close to Mr. Harding. He is understood to have been approached informally on the subject soon after election day and his assignment to head the department of justice is said to have been virtually decided upon early in December."

Since he began the uphill fight as manager of the Harding-protection campaign early in 1920, Mr. Daugherty has been called into consultation regarding important political decisions. After the Chicago convention he became a member of the Republican campaign committee of five, and since the election has talked with the president-elect many times on the problems that were to face the new administration. He came here several days ago and has kept in close touch with developments holding daily conferences with Mr. Harding and with important callers including Mr. Hughes.

Daugherty's Home in Columbus
Mr. Daugherty's home is in Columbus, Ohio, and he is a former member of the Ohio legislature. He has been associated with Mr. Harding in state politics for many years.

The president-elect issued no formal statement in announcing his choice for the attorney-generalship and did not indicate whether a formal acceptance had been received from Mr. Daugherty. The latter's statement follows:

"No man would refuse to serve a friend and his country under the circumstances. I am appreciative of both the honor and the responsibilities."

No New Developments.
Regarding other cabinet appointments there were no apparent developments during the day, altho it was indicated that decisions might be expected momentarily in regard to both the commerce and labor portfolios. The action of a secretary of the navy, the only other cabinet post remaining unallotted probably will not be finally decided until the end of the week.

Congress has ten to fifteen important bills to consider in the closing days of this session. It means that if any important business is transacted, it must be within the next ten days. But nobody expected that this session of Congress would bring forth much important legislation and so nobody is disappointed with the showing in prospect.

If you want to take pride in what your city is doing, pay a visit to the new power and filtration plant on Superior avenue. The work of removing the machinery to this plant is progress. The building itself has been finished. The day when the plant will be in full operation is several months distant, but you can readily see what an excellent property the city owns, made possible thru the co-operation of citizens and the issuance of bonds. Even those who know little of machinery or mechanics can see that the plant is modern and convenient, which means that the operation costs will be low.

Former Congressman Foss of this state, is said to be a possible appointee as secretary of the navy. The president-elect could go further and choose much less wisely. Mr. Foss during a long period of service in Congress served on the committee of naval affairs, and was accounted one of the best informed men in the national house on matters relating to the navy department. He was not re-elected because he became a candidate for the U. S. Senate. While he was not successful, the campaign he made brought him into much more intimate acquaintance than before with the people down state, and thousands of them today are listed among his friends and admirers.

A recent visitor to Jacksonville told various stories of the marvellous growth of many cities in Texas, especially because of oil developments. Cities have grown to a population of 50,000 or 60,000 in two or three years' time, and it is a very common occurrence for towns of 2,000 or 3,000 to acquire ten times that many residents within a year. These stories were true, but the visitor might with equal truth have gone on to say that many of these cities lose the population even more quickly than they acquire it. It is mushroom growth and as soon as there is any cessation of oil activity the decline begins. The average man is far better off in a community like this, where conditions are stable, without great waves of prosperity perhaps, and also minus the dark days of failure.

This is the birthday of Washington. The minister of Westminster church Sunday night took Washington as the theme for his sermon and found much in the character of the Father of his Country to inspire men today into deeds of patriotic service. It is a wonderful fact that those who study the life of Washington continually find something new therein and so the theme does not become threadbare. You could make no better observance of this date, nor spend a more informing hour than in reading from one of the authorized histories of Washington's life.

INEFFICIENT DISTRIBUTION.

Gentlemen who have been taking an interest in the food conditions in China assure us that unless relief is afforded at once, 5000 deaths per day will result from starvation. People have a few suggestions to make relative to relief measures. Recently we read dispatches telling of the importation of 23 carloads of eggs from China to the United States, this constituting only one shipment. China is also sending to America immense quantities of rice, beans, peanuts and other food commodities. The suggestion is a very

simple one—keep these foods in China to feed the starving Chinese. Why ship Chinese food to America, and then ship American food to China, when the Chinese are starving and America has a surplus?

THE PRESIDENT IS WORTHY OF HIS HIRE.
President-elect Harding has informed Congressman Longworth of Ohio that he does not seek exemption of his salary as President from the operations of the income tax law. If the law remains as it is he will be required to pay a tax of \$18,000, which is a very substantial reduction from his compensation of \$75,000. Mr. Wilson was excused from such a tax inasmuch as he was in the White House at the time the income tax law was enacted, and under the constitution it could not operate to reduce his salary while in office.

It is understood the views of Mr. Harding were sought by the Ways and Means Committee of the House as a guide to their action. But the fact that the President-elect does not ask for an exemption should not blind the eyes of the Congress to the justice of granting it. It is manifestly unfair to force Mr. Harding to accept a reduction in salary amounting to almost 25 percent below the compensation paid to Mr. Wilson. If the relative popularity of the two men were to be a guide to what they should receive from the taxpayers, Mr. Harding's annual salary would be expressed by seven figures. Only a few days remain in which to enact the few words of legislation that would save the new President from the tax assessment. It should be done without delay.

He told Luke a story the other day about a tough boy in school who was always being punished by his teacher for using atrocious grammar. One afternoon he used the term, "I have wrote," instead of saying, "I have written," and the teacher made him stay in after school and told him to write, "I have written" 100 times to cure him of saying, "I have wrote." The teacher was called to the phone and when she returned to the room the boy was gone, but she found this note on his desk:

"Teacher—I have wrote I have written 100 times and I have went home."

BENEFIT CONCERT
A midwinter concert for the benefit of Passavant Memorial hospital will be given on the night of March 1 at State Street Presbyterian church. It was announced yesterday. The program will be furnished by well known Jacksonville musical organizations and individual artists.

The Illinois College chorus, the Conservatory orchestra, assisted by Mrs. Barr Brown, Hackett Wilder and George Gunn, the latter of Chicago, will be heard in the concert.

The cause of the hospital and the recognized ability of the musicians, should insure a large audience on the night of the concert.

Tickets may be secured at Brown's Music Store and all banks. Reserved seats may be bought after Feb. 24.

Price of the tickets will be \$1. on himself. But he gets red-headed when the Government butts in and tries it.

Before you marry, young man, it is well to remember that while a husband may not always be Wrong, a wife is always Right.

By the way, just how old does a girl have to be before she is old enough to have sense enough to refuse to take joy rides with strange automobile drivers?

TRIED TO FIND ROBBERS WITH BLOOD HOUNDS

Animals Scented Trail But Stolen Goods Were Not Discovered.

Bloodhounds from the Ross' Kennel at Alsey, Ill., were brought to this city early Sunday morning in connection with the robbery of the home of Fred Hembrough on Mound Ave. B. J. Ross arrived in the city about 5 o'clock Sunday morning, with two dogs, making the trip in an automobile. Mr. Ross accompanied by Sheriff Weatherford, Deputies Ben Andrews and Geyer Wright, Captain of Police Harold Elliott and Patrolman Walter Taylor went to the home of Mr. Hembrough to start the hunt.

Mr. Ross and Sheriff Weatherford entered the house and the dogs were started in the bathroom where a window had been broken. The dogs picked up a trail and worked thru the different rooms, finally making a dash for the front door. Mr. Ross opened the door and the dogs headed south and then east thru the back yard of Paul P. Thompson. The trail led to Webster avenue and then south. Footprints were visible in the frosty ground at some places. The dogs went south to a field and then headed for Lincoln Ave. At Lincoln avenue footprints were plainly visible on a small bridge.

Ross waited at the bridge until the other members of the party arrived, he having left them a short time after the dogs took the trail. Ross doesn't walk when he hits the trail, he takes up a double-quick jog and keeps it up. After the party had arrived Ross again let the dogs go and they headed to a house on Lincoln avenue and went to a rear door. The owner of the house came out and told the sheriff he had his permission to search the place. The officers made a thorough search of the premises, but nothing was found.

Ross took the dogs back to the Hembrough house and started them from the outside. The dogs took a trail and again went to the Lincoln avenue house. They were then loaded in an automobile and brought back to the police station.

Ross says that being an ex-service man he does not find it hard to jog along behind his dogs for six or eight miles, stopping every mile for a short rest.

Sheriff Weatherford had the dogs brought here at the request of Mr. Hembrough, who paid Mr. Ross for his trip.

ELI BRIDGE COMPANY IS RUNNING FULL TIME

Eli Bridge Company is one of the few factories in the central west working a full production at this time. Manager W. E. Sullivan says other factories which he visited the past week are working only part time. The Eli company has sufficient orders to require full production for several months in the future and Mr. Sullivan says the outlook in the amusement business is looking brighter each week. As the local company's orders come from all parts of the country this is a barometer which indicates an improvement of conditions generally.

The Alexander Woman's Club will meet Thursday, February 24, at the home of Mrs. Louise Beer-up.

BAND HEARD BY LARGE AUDIENCE

A program largely classical yet introducing enough popular music to please the general public, was given by the Jacksonville band Sunday afternoon at the Grand theater. The lower floor of the theater was filled to capacity. Each selection the band played drew hearty applause, resulting in numerous encores.

The soloist of the afternoon was Miss Louise Miller of Illinois Woman's college faculty. Miss Miller sang a group of three songs and was called back for the fourth. Her solos added variety to the program and afforded more Jacksonville people an opportunity to hear this pleasing artist.

Near the conclusion of the concert J. Bart Johnson, director of the reorganized band, spoke briefly in behalf of the band. He thanked the audience for its support and applause and stated that other Sunday afternoon concerts are being planned. Either next Sunday or a week from Sunday a similar entertainment will be given. Mr. Johnson said in making up the next program he would refrain from so many classical numbers.

This is the third concert given by the new band during the last few months and each has been counted as successful by the audiences.

The Annual Inspection of Hospitalier Commandery No. 31 Knights Templar will be held today. Work 3:30 o'clock. Dinner at 7:30. Visiting Knights cordially invited.

MID-CHANNEL

Sir Arthur Wing Pinero's Wonderful Drama of Love and Life

In this announcement extraordinary, the management of this theatre takes pride and pleasure in presenting the queen of the world's screen, Clara Kimball Young, in the greatest picture of her entire career, "MID-CHANNEL," from the famous stage play by Sir Arthur Wing Pinero.

We term the presentation of this production "AN EVENT" for the public of our city, knowing that all who appreciate the finesse and master touches found only in pictures of the finer sort, will appreciate the dramatic power and ultra-smartness of "MID-CHANNEL" which as you may know, constituted Ethel Barrymore's Sensational Stage Success at the Empire Theatre, New York.

"Mid-Channel" is a magnificent example of the advanced art in the production and presentation of the finer photoplays. It mirrors in every scene and in every action those deep rooted human traits that are common to us all. So careful were the producers of "MID-CHANNEL"

to preserve the precise details of every scene, that during the filming of the picture, each actor spoke the actual lines from the play exactly in the same manner as in the original stage presentation at the Empire Theatre in New York. Do not miss this great Photo Dramatic treat.

He STUCK

That is the trait that above all others impresses the student of Washington. As a surveyor in the trackless forests, menaced by Indians and wild beasts, he stuck till he finished the job! Many years later, at Valley Forge, his little band of patriots freezing and starving, Washington's will-power carried not only himself, but the country on to a victory against the greatest power among the nations. He STUCK!

Notes

There are 71 High school boys who have attended the Hi Y meetings. The subject for discussion is Life Problems, and an average attendance is 40 boys. Special Washington birthday plans are being made for Tuesday evening in Baptist church at 5:30 o'clock.

Business men say we need the Y. M. C. A. in Jacksonville, the professional men say we need the Y. M. C. A. The religious men say we need the Y. M. C. A. and the boys themselves say that we need the Y. M. C. A.

The State University Y. M. C. A. is planning to launch a campaign for an endowment in the near future.

What is the Y. M. C. A.?

"The Y. M. C. A. is not a church, not an educational institution, not a social welfare or physical culture movement. It is a combination of all three—a factory for turning out 'democratic citizens, to make men strong in body, keen in mind, and with a true sense of their responsibility as individual units in society. The success of the Association is due to its adaptation. It adapts itself to every circumstance and follows every possible method in order to reach every type of man."—Liyuan Hung, former President of China.

Y. M. C. A. Service

A boy from a neighboring town comes to Evansville, Ind., seeking work. He gets a room in a cheap rooming house near the L. & N. station. Gets a job as an agent expecting to make big money. Gets so wrapped up in his work that he forgets all about mother and home. Mother, (a widow) not hearing from her boy, falls sick. Family doctor becomes interested in the case and writes to Y. M. C. A. secretary enlisting his services in locating the boy. Boy is located but not told that mother is making inquiries. Mother is notified that boy is all right and that he is getting along fine. Boy becomes interested in Y. M. C. A. and seeks a better job.

Above is the plot and cast of characters in a little play of human life recently enacted in Evansville.

Speaking of Campaigns.

There was a man in our town. And he was wonderful wise; He took his check book in hand And gave to both the Y's. And when he saw the Y still lacked, He quickly took his pen And with a smile full broad and wide, He gladly gave again. —M. E. B.

If you give the best that is in you what remains will be still better.

DON'T FUSS WITH MUSTARD PLASTERS

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients combined in the form of a pleasant white ointment. It takes the place of mustard plaster and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost feet, colds or the chest (if taken prevents pneumonia).

Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrups, and saves about 82¢. Easily and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Cut from any drugstore 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gives relief at the cause of a cough and gives almost immediate relief. It loosens the phlegm, soothes the inflamed throat and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break severe coughs.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

ALL AMENDMENTS TO BE VOTED ON TODAY

WASHINGTON, Feb. 21.—Forced forward in spite of parliamentary obstacles opposed to it by determined minority resistance the Winslow bill for partial payments to railroads on their government guaranty account was tonight assured of final passage in the senate tomorrow.

An unanimous consent agreement was obtained to vote upon the measure and all amendments by five p. m. tomorrow.

Senator LaFollette, Republican, Wisconsin, gave notice that he would seek to have partial payments proposed by the bill held up until the interstate commerce commission had opportunity to investigate the use of government funds by the roads.

"This is not a bill to carry out the pledge of the United States to the railroads under the Esch-Cummings act," Senator LaFollette asserted.

CONSPIRACY CHARGED AGAINST LUMBER MEN

Attorney General Palmer Orders Suit Brought in St. Louis—Fifty Companies and Seventy Individuals Involved

Washington, Feb. 21.—Attorney General Palmer today ordered suit to be brought in the federal district court at St. Louis against the Southern Pine Association, about fifty of its principal member companies and seventy individuals on the ground they have entered into a conspiracy to curtail the production and increase the price of yellow pine lumber in violation of the Sherman anti-trust act.

The proceedings will be instituted within the next few days, it was said tonight at the department of justice. They will have as their aim the granting of a temporary injunction which would restrain those against whom the proceedings will be directed from further participation in what the government alleges to be a conspiracy by curtailing production in Arkansas, Oklahoma, Texas, Louisiana, Mississippi and Alabama and in any agreement to control prices.

NEW YORK JUDGE SAYS ENGLAND IS A MENACE TO THE UNITED STATES

Claims We Should Insist On Britain Freeing Canada and West Indies

ONLY THREE GREAT POWERS ARE LEFT

(By The Associated Press)

CHICAGO, Feb. 21.—That England was a menace to the United States and the menace must be removed before this country could be assured of peace was the declaration of Judge Daniel F. Cohan of New York tonight in an address at a Washington Day dinner given by the committee of one hundred for an Irish republic.

Judge Cohan said that the United States should insist on Britain's freeing Canada and the West Indies as a basis of negotiations for the settlement of her war debt to this country, declaring that England thru war preparations in these places was preparing for a conflict with the United States.

"The British Empire must be dismembered if the world is to have peace," Judge Cohan continued. "There are only three great powers left—England, Japan and the United States and we should turn out attention to helping Japan create an equivalent of the Monroe doctrine which would read 'Asia for Asiatics.'"

"Let us encourage her to turn her attention west instead of east. Such conduct on our part would remove from Australia and Canada their fear of Japan and their dependence upon the British fleet. It would preserve the peoples of Asia and prevent England or any other country from attempting to seize the lower half of Asia."

SPIRITED BIDDING IN FUR MARKET

ST. LOUIS, Mo., Feb. 21.—Spirited bidding characterized the opening here today of the winter auction of the international fur exchange which was attended by buyers from many parts of the world.

A sharp price decline from the level maintained last May marked the initial offering of 10,121 Alaskan seal skins sold for the United States government. Exchange officials stated the drop approximated 45 per cent and brought the price to the normal pre-war level.

Secretary of Commerce Alexander and Commissioner of Fisheries H. M. Smith, represented the government at the auction.

RAILWAY LABOR BOARD GIVES RULING

CHICAGO, Feb. 21.—The railway labor board today ruled that it was without jurisdiction to act in the dispute between employees and the Missouri and North Arkansas railroad which recently announced wage reductions for all employees but recommended that the employees accept the wage cuts under protest until the matter could be properly presented to the board and a decision reached. The decision was in line with previous ones where the board held that the road had not, in conferences with employees taken up the justness or reasonableness of present wages, granted by the board and that until this was done the board could not act.

The road is in the hands of a receiver.

HAVANA, Cuba, Feb. 21.—The Central electoral board has tentatively decided on March 10 as the date for the holding of partial presidential elections. The official decision of the board will be announced later when the board concludes its session.

PYTHIANS ENJOYING THREE DAY MEET

Impressive Program Given Sunday—Thirty-Three Took Work Monday Night—Now for D. O. K. K. Ceremonial.

A great deal of interest attaches to the three day Pythian observance which will close today. Sunday there was a program of appropriate services. Monday luncheon was served at noon and there were initiatory exercises in the afternoon and evening. Tonight the D. O. K. K. ceremonial will be the principal event and a large class of tyros will be initiated. Sunday morning a large number of the members of both lodges gathered at the temple and marched to Centenary church, where Rev. D. V. Gowdy preached a special sermon. Music was supplied by the choir quartet and a solo number was sung by Miss Nelle Self. Rev. Mr. Gowdy had for his theme "The Friendship of Man to Man." The story of friendship was traced thru history and many notable examples were held to view. Then the minister gave a definition of what real friendship means, and the Knights found the address one of the most inspiring to which they have listened.

In the afternoon a large company of knights and guests assembled at the temple. During the program Rev. W. E. Spoons presided and briefly explained the purposes in fitting up the library and the other rooms which are for club purposes. Mrs. W. Bay Brown sang two solos with fine ability and then the address of the afternoon was delivered by Horace H. Banoroff. The speaker dwelt upon the meaning of Pythianism and made special reference to some of the local men who have become prominent in the order. Then he spoke of Washington as a man whose characteristics in many ways exemplified the principles which Pythianism seeks to foster. It was a very strong address.

Afterwards came a social hour with refreshments.

Monday noon luncheon was served and afterward came a school of instruction. At 3 o'clock Jacksonville lodge No. 152 conferred the rank of esquire upon a number of candidates.

Supper was served at 6 o'clock and then came the ceremonial session with a degree team made up from both Jacksonville and Fayette lodges. Nine took the work of the second rank and 33 the work of the third rank. Extensive preparations have been made for the D. O. K. K. ceremonial and banquet tonight. It will bring to a close a very successful Pythian assemblage.

FURTHER CONFERENCES ON WAGE CONTROVERSY

Case Came Before the Board on Complaint of Employees Following a Wage Reduction Notice Posted to Take Effect February 1.

Chicago, Feb. 21.—Further conferences on the justness and reasonableness of present wages on the Atlanta, Birmingham and Atlantic railroad were ruled compulsory today by the railroad labor board before it would take jurisdiction over the road's wage controversy with its employees. The ruling pointed out that previous conferences on wage reduction did not embrace the subject of the justness or reasonableness of the wages fixed by the board in its decision, July 1920, and deferred any action in the case until such conferences shall have been held.

The case came before the board recently on complaint of employees of the road following a wage reduction notice posted to take effect Feb. 1.

"It is the decision of this board," the ruling said, "that it is without jurisdiction to determine the present dispute until section 304 has been complied with by conference of the parties, the subject matter of which conference shall be whether the present wages are just and reasonable."

"The board further decides that further consideration of this dispute be deferred until it shall be made to appear that the parties have conferred and disagreed on the question of whether present wages are just and reasonable, based on the relevant circumstances as required by the transportation act of 1920, or under parties have refused to enter into conference on the said question."

De Laval Cream Separator

The World's Greatest Cream Saver

It is doubtful if in any other industry, any single brand of merchandise or make of machine stands out head and shoulders so far above all others or is held in such universal esteem as is the DeLaval Cream Separator in the dairy field.

It has a greater capacity and skims the cream closer than any other separator. It is easier to turn and easier to wash than any other.

More DeLaval's are sold each year than all other makes combined. More than 2,500,000 are in use daily.

All this evidence of its superiority should convince you that this is the Separator you should buy.

Shorty runs into Teebo!

Atlanta, Wednesday

Dear PETEY:

Checked up our old dormitory pal "Snapper" Teebo this morning waiting on an appointment down Peachtree St. "Snap" wanted to know a bookfull about my visit to the Camel factories. "Tell us old apple seed," says "Snapper," "you're on the inside!" "Snap" still has that mighty annoying way of saying, "But that doesn't surprise me."

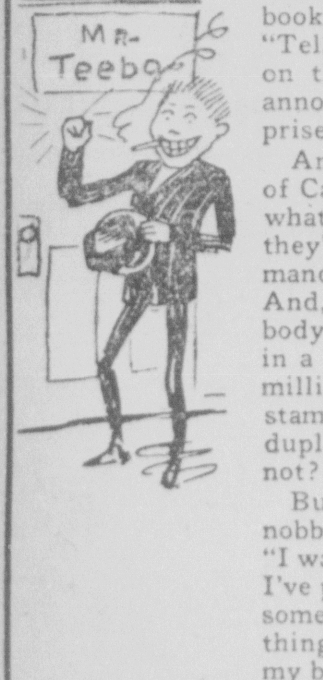

Anyhow—when I explained about the millions of Camels R. J. Reynolds Tobacco Co. made daily what does the old bird sputter but: "Why, Shorty, they'd have to make that many to supply the demand! Camels have the quality smokers want! And, they have the most wonderful mellow mild body and the most refreshing flavor ever created in a cigarette! Of course they make Camels by millions; of course they buy enough revenue stamps from Uncle Sam every day to build a duplicate of the Winston-Salem post office! Why not? Smokers everywhere will love Camels!"

But, "Snap" finally got to spilling some real nobby Camel selling stuff! "Shorty," says he, "I want to put it on record that in all the times I've pulled Camels out of my pocket to supply somebody's shortage I've heard enough good things said about 'em to fill a volume! That's my brand! 'Camels are a wonderful cigarette'. 'Like getting money from home', etc.

"And, Shorty, what's the answer? Why—Camels blend of choice Turkish and choice Domestic tobaccos meets the universal taste! And that's the 'hole' story, old golf ball!"

Pete, you pet photograph, did you ever hear a better record?

Sincerely,

Shorty Camel CIGARETTES

Pythians Get Together

About one hundred Knights of Pythias and their families got together in the K. of P. hall Friday evening in an informal social gathering. Preceding a lap lunch there was a musical program, in which the little daughter of B. H. Nixons was the favorite as a vocalist. Social games led into an old-fashioned spelling match, in which Beal Smith carried off the honors. The two sides were divided under the leadership of R. F. Ballard and A. M. Nevius and the words were given out by Mrs. Ballard.

Mrs. Minnie Pierce, who is wintering in Los Angeles with her son, A. S. Pierce, gives an account of the meeting of the Illinois Society of southern California at Long Beach. There the met Dr. H. B. Shirley, formerly of White Hall, whom she reports as aged considerably. The attendance at this outdoor winter picnic, she says, is estimated at 20,000.

Raines & Raines, who operate notion stores at Roodhouse and White Hall, intend to branch out further as soon as R. W. Raines of Glasgow, Mo., can dispose of his milling interests there and get located at White Hall. The man in immediate charge is Rev. J. O. Raines. There are three brothers in the proposition, the third being Conductor John Raines of Roodhouse. They will branch out not only in the store business, but will finance the erection of houses on a popular basis, whereby they will take a man's spare money in any amount and provide him with a home, there being no specified amount stipulated in their proposition. Their operations are already quite extensive, and the fact that Warren is coming here to assist in the direction of affairs shows that the Raines brothers are undertaking greater things than ever.

Word from Mecheche, Alberta, Canada, announces the death of Mrs. Maggie Steere at the age of 83 years.

She was the widow of the late Dr. W. B. Steere of White Hall. The family left White Hall many years ago, locating in Nebraska, where Dr. Steere died. They resided on South Main street in the residence now occupied by William Tanner. For twenty years Mrs. Steere has made her home with her daughter, Mrs. Vic A. Skelton. Two sons, Frank and Edward, reside at Seattle. The deceased's connections at White Hall are numerous, she being a niece of the late Eliza Higbee, a cousin of Mrs. Caddie Chapin, and Mrs. Sarah A. Higbee, now 98 years of age, is an aunt by marriage.

John Prindle will retire from the mercantile business at Patterson the first of March, his store having been purchased by R. A. McHarg, who comes from Missouri.

REMEMBERED WITH FLORIDA ORANGES

Employees of the Eli Bridge company enjoyed a treat recently when a full crate of Florida oranges was received by express from a customer in that state. C. L. Todd, a personal friend of the company picked two crates of ripe oranges and shipped one crate to his father in Indiana, the other to the Eli company.

This is the third crate received this winter by the Eli company. One crate came from Ed R. Salters, Jacksonville, Fla., at Christmas time. This contained oranges and grape fruit. The fore part of January another came from T. K. Edwins and now the third from Mr. Todd. It goes without saying—the Eli employees appreciate the thoughtfulness of friends in Florida and enjoy to the fullest extent the splendid fruit from that state.

LARGE ASSEMBLY AT FUNERAL OF G. P. DAVIS

Services Held in Centenary Church—Several Lodges in Attendance.

Impressive funeral services were held Sunday afternoon for the late George P. Davis. The remains were accompanied from the residence of Mr. and Mrs. E. L. Kinney on South Prairie street by members of the L. O. O. F. and Hospitalier Commandery Knights Templar to Centenary church of which the deceased was a member. There the services were in charge of Rev. D. V. Gowdy, pastor of the church, and Rev. E. L. Fletcher. Music was supplied by a quartet including Miss Louise Miller, Miss Mildred Mayer, Messrs. Albert C. Metcalf and Hackett Wylder, with Miss Larimore at the organ. The choir sang "Beautiful Isle of Somewhere" and then Mr. Gowdy read the Scripture lesson, closing with a fervent prayer. The large auditorium was filled with friends of the deceased, members of the Elks, Red Men, I. O. O. F. and Knights Templar occupying the places reserved for them.

Rev. M. Fletcher made a brief address in which he dwelt upon the fineness of a life dominated by generous impulses. The minister had known Mr. Davis quite well thru a number of years and related two or three personal incidents which served to impress upon those in the audience the unflinching kindness and generosity of the deceased.

Mr. Fletcher said that a man who occupies a position such as Mr. Davis thru the years inevitably comes in contact with the seamy side of life. He must see the frailties of human nature, must come in contact with those who fail, those who make mistakes and these experiences test a man. Many are those who in such positions lost their faith in humanity, believe that there is more of hypocrisy in the world than truth, the evil is dominating over good. It was not so with Mr. Davis, for while he knew human frailties, knew about wrong doing and was familiar with those who break the laws of God and man, yet he retained faith in humanity and it was his way to give courage and heart to those who had erred, to encourage them to once again try the right way of living.

Mr. Fletcher said that in life the breadth may be said to be measured intellectually but the depth and height, these are measured by emotions. But after the emotions there must come the will to do—that which is right—that which is best. So the minister said that he had seen depth in the life of the deceased to command admiration. There were depths in this life of unmeasured kindness. At such a time, Mr. Fletcher said those who are near by blood or friendship cannot but sorrow.

"But when I go I want to be missed, to have somebody regret that I have gone. This is a feeling common among men, not because they would want to be missed, but they want to fill such a place in life that they are missed and their going leaves a vacancy which people really feel and know."

In closing Mr. Fletcher referred to the large place that Mr. Davis had occupied in the home and to the unusually tender relationships with his sister and nieces.

The quartet sang "Lead Kindly Light" and then the long cortege moved to Jacksonville cemetery. There the Knights Templar had chattering being W. L. Officers, Julius G. Strawn and John Shibe, and the final prayer was spoken by Rev. D. V. Gowdy.

The many flowers gave evidence of the esteem in which the deceased was held. They were cared for by Mrs. Grant Graft, Misses Adele Heintz, Lena Engel, Winnie Wackerle, Lucie Pyatt and Thomas H. Buckhorner.

The honorary bearers were Grant Graft, J. Edgar Martin, George Moore, G. M. Luttrell, Chief of Police, Frank Kloran and former Mayor George W. Davis. The honorary bearers representing Hospitalier Commandery were Sir Knights H. J. Rodgers, E. C. Ransdell, J. W. Catherwood, R. R. Bucktorpe, E. M. Henderson and J. W. Walton.

FORMER ALEXANDER RESIDENT DIES

Death of William Childers Occurred in Springfield Sunday Evening—Other Alexander News.

Alexander, Feb. 21.—Mrs. G. L. Harrington was Monday advised of the death of William Childers, which took place at 9:30 o'clock Sunday night at the family home in Springfield. The deceased was a resident of Alexander a great number of years ago, but of late years had resided in Springfield. He had a great many relatives and friends in and near Alexander and the news of his death comes as a great sorrow to many here.

Mrs. Samuel Ruble was a Springfield visitor Monday.

Mrs. O. E. Ryan was a recent shop in Jacksonville. Mrs. Samuel Wilcox, who was operated on Saturday at Our Savior's hospital in Jacksonville, is reported to be improving in a satisfactory manner.

EMULATED GEORGE WASHINGTON

One of the leading live stock breeding establishments of the country is "Gregory Farm," at White Hall, Ill. As a national proposition becoming pride there is for it by its home state of Illinois, and the same is true in a greater degree in the home community of Gregory Farm. Gregory Farm attained its eminence in comparatively few years, not over twenty, and the secret of its success and tremendous influence for a better live stock may be summed up by the motto of the proprietor, W. S. Corsa, who originally had in mind the words of George Washington, "He who contributes to the betterment of agriculture or live stock breeding is the country's greatest benefactor."

From a small beginning Mr. Corsa endeavored to reach the goal among the greatest producers of live stock in the country, and his record is an inspiration to every farmer and live stock breeder. Both by precept and example he has contributed to agriculture and live stock breeding a wonderful chapter of achievement, a chapter so extensive that it would be impossible to even scan in the short space of this article. Suffice to say that here is the home of the highest-priced Percheron in the world. When the world war shut off shipments from France, it was found that America had forged so far along in the Percheron business that this country was able to meet the situation and supply all demands. Cannot the Gregory Farm \$40,000 Percheron was then and is still considered the leading stallion of the breed, and the home of Carnot became frequently referred to as, "The France of America." Visitors from all parts of the country are practically a daily occurrence at Gregory Farm, and the record of visitors has shown an increase since the establishment branched out in the hog cholera serum business to meet the demand for a safe and reliable preventive against hog cholera made in the country out of reach of contamination by large live stock yards and market centers, where the bulk of hog cholera serum is made.

This business was developed by Mr. Corsa to meet his own demands, and the public shows its appreciation that Mr. Corsa should not only have his own hog business in mind in the development of a satisfactory serum and virus, but that he should enlist his brother, Dean Corsa, in the enterprise on a scale that put this high grade product on a commercial basis. These things have been brought about through idealism and necessity, and are not the result of purely monetary and mercenary considerations. These considerations are what have won confidence and esteem for the Corsa family and the Corsa's wherever they are known, and if the desires of the writer could be carried out, there would not be a nook or corner in the whole realm of agriculture that is not made familiar with the inspiring story of Gregory Farm at White Hall, Ill.

SALARY ORDINANCE IS PASSED BY COUNCIL

Measure Was Given Second Reading at Monday Night Session—Mrs. Wehl and A. C. Metcalf Renamed Members of Park Board.

A brief meeting of the city council was held Monday night, Mayor Crabtree, Aldermen McGinnis, Flynn, Williamson, Cain, Moore, Chapin and Ehnie answered the roll call. Alderman Cain was chosen to serve as clerk. The minutes were read and several minor matters of business were discussed. Alderman McGinnis brought to attention the matter of wrecking the old boiled house and this was referred to a committee for investigation.

A salary ordinance was passed, fixing the salaries as follows: Mayor, \$1,200; city treasurer, \$300; aldermen, \$150. Mayor Crabtree had already announced that if re-elected he would serve on a salary of \$1 per year, as he has during the past two years.

The mayor appointed Mrs. A. Wehl and A. C. Metcalf as members of the park board to succeed themselves and the appointments were confirmed.

Alderman Moore said that a number of residents of the third ward objected to the bill board being erected on South Mainville street. The alderman was appointed to consult the city attorney and see what the law is covering the erection of such boards on private property. The mayor mentioned that in company with Street Commissioner White he had inspected some lots on North Main street which the city owns. There is a frontage there of something more than 200 feet. The street superintendent will fill in the lots as speedily as possible and an effort will be made to sell them.

Informal talks were made by John T. Walbridge, L. R. Craig, and E. M. Henderson. The report of C. O. Bayha as justice of the peace was received and placed on file. The council adjourned at 8:30 o'clock and afterward an informal conference was held to talk over matters relating to paving. Some of the work discussed provides for the payment of East and West College avenues, East State street east of the railroad tracks, Jordan street and Webster avenue from State street to College avenue. Most of this will be retopping work. Mr. Walbridge in his talk to the council mentioned the recent letting of hard road contracts in Springfield. There was a great company of bidders and the lowest bid was about \$54,000 a mile which was from \$10,000 to \$15,000 lower than a year ago.

WHITE HALL PASTOR RESIGNED SUNDAY

Rev. E. C. Lucas to Leave Pastorate of Christian Church—Will Go to Lawrenceville, Ill.

White Hall, Feb. 21.—Rev. E. C. Lewis, pastor of the Christian church, presented his resignation in connection with the morning service Sunday, effective March 30th, which will terminate three years as pastor here. He has accepted a call to the Christian church at Lawrenceville, Illinois, a town of 5500 in the old district of southern Illinois. Rev. Lucas received a committee from his church at his home Sunday evening at the close of the evening service, which committee endeavored to induce Rev. Lucas to change his mind about resigning. This is indicative of the strong relations between the young pastor and his people, and it might be added that the relations between Rev. Lucas and the community at large are equally strong. Rev. Lucas is a community man, and in all his pastoral work he has ever had the welfare of the

entire community in mind. He has made the local troop of Boy Scouts a model, and his services in this connection will be sorely missed. Rev. Lucas is a strong and forceful pulpiteer of the modern type, and wherever he and his worthy wife go they will have the goodwills of all the people of White Hall.

After dinner the students went over to the gym where the members of the faculty gave a most delightful program. The affair was a colonial tea, given in the drawing room of a colonial house in the period of Thomas Jefferson. Miss Austin was the hostess and before the arrival of the guests, Mr. Metcalf, as the colored butler, sang some funny coon songs. The guests then arrived in the drawing room of the tea. J. B. BECKMAN'S LONG LIFE JOURNEY OVER

Prominent Morgan County Citizen Died Sunday Morning—Funeral to Be Held Today.

The long and honorable life of Esquire James B. Beekman of Pisgah, came to a close Sunday morning at 8:25 o'clock at Our Saviour's hospital. Mr. Beekman had entered the hospital about three weeks ago for the purpose of undergoing an operation, which was performed a few days ago and from which he was unable to rally.

In the passing of James B. Beekman, Morgan County, loses one of its most widely known, substantial and highly respected citizens. In the Pisgah neighborhood where he resided the greater part of his life, he was a factor in all that pertained to the welfare of the community and neighbors and friends ever held him in the highest esteem. While he operated over five hundred acres of land, his interests were far from local and he ever maintained a keen interest in public affairs and was especially well posted in political matters, being an ardent Republican and for years actively identified with the Republican organization of Morgan county.

James B. Beekman was a man who served his day and generation well and leaves behind him a splendid record of faithfulness to his family and to his friends. He faced death with the same resolution with which he met the responsibilities and duties of life and was ever sustained by a firm and abiding faith.

Early in life, Mr. Beekman united with Clary's Grove Baptist church of Tallula and for over fifty years was a member of Union Grove Baptist church of Pisgah, in which organization he served for a long period in official position.

For many years Mr. Beekman had been a member of Harmony Lodge, A. F. & A. Masons, and always enjoyed his affiliation with the Masonic fraternity. As the executor of the estate of Judge Samuel Woods and later as one of the co-executors of the estate of James Woods, Mr. Beekman was called upon to meet large business responsibilities which he discharged with great fidelity and business judgment.

An interesting circumstance in connection with his life, which is a splendid index to the character and determination of the man occurred during the Civil War. While Mr. Beekman was too young to enlist he visited the front when a lad of less than fifteen and finding that a cousin was unable to take his place in the line on account of sickness, Mr. Beekman donned his uniform, answered to his name at roll call and fought with the company in one of the battles of the war.

As a friend, as a counselor and as a citizen, the passing of Esquire James B. Beekman will bring sorrow to a wide circle of sincere friends.

At one time Mr. Beekman devoted much time to the crying of sales and became widely and favorably known as a successful auctioneer.

As justice of the peace in Pisgah precinct he served acceptably and his length of service in that office continued nearly 40 years. James B. Beekman was born two miles north of Tallula January 29, 1845, the son of William T. Beekman and Mary C. Spears Beekman. His early life was spent in Menard county, where his early education was received. Later he attended Illinois college at Jacksonville and was a member of the Sigma Pi society.

On August 12, 1868, he was united in marriage to Julia Wood and for over fifty years they enjoyed a happy life companionship at the Beekman home near Pisgah.

Surviving Mr. Beekman are his widow, two sons, George S. and William M. Beekman and one daughter, Mrs. Mary B. Ausmus, two grandchildren and one great-grandson, all residing in Morgan county. The following brothers and sisters: Mrs. A. B. Pollard, Mrs. Annie B. Matthews, Miss Helen Beekman and C. T. Beekman of Petersburg; Miss Carrie Beekman of Denver, and George S. Beekman of Springfield.

Funeral services will be held at 12 o'clock Tuesday noon at the Gillham funeral home, followed by interment in Diamond Grove cemetery. The funeral sermon will be preached by Rev. S. D. McKinney of Alton, with Rev. M. L. Pontius and Rev. P. M. Crabtree assisting in the service.

HIGHWAYMAN MEETS WITH SUDDEN DEATH

New York, Feb. 21.—A man found dead last night in a Bronx park snow drift with three bullet wounds thru his head was identified late today as the well-dressed highwayman who robbed a Broadway cigar store February 13, after knocking the clerk unconscious with a cane. The police believe he was shot as the result of a quarrel. The cigar clerk who established the identification said the robber offered in payment for \$64 worth of cigars a \$100 bill, to change which the clerk was obliged to open the safe. From this the robber later took \$800.

In the man's clothing were found several pieces of rope, mask made out of a silk handkerchief and bullets of a different calibre from those with which he was killed.

MORE SNOW PROMISED FOR EASTERN TERRITORY

Washington, Feb. 21.—Two more days of snow were said by the weather bureau tonight to be in prospect for much of the snow covered east. The clear skies which succeeded the snowfall of Saturday night and Sunday in the region north of Tennessee and North Carolina and east of Ohio had become clouded tonight the weather bureau reported, and in a part of that territory the snow again had begun to fall.

"THE WORSTED MAN" WAS GREAT SUCCESS

Play Presented by Young Women at Congregational Church Monday Night Meets With Approval of Large Audience.

The musical play, "The Worst Man" was presented Monday night at the Pilgrim memorial at the Congregational church by the members of Mrs. G. H. Scott's Sunday school class. There was a large attendance and in every way the performance was a success, the young women filling the parts assigned to them in a most clever manner. Miss Betty Palmer as "The Worst Man" was the star of the evening and she was most ably supported by the other members of the cast.

The scene of this delightful two act play is at a summer hotel and the various incidents which lead up to the climax are amusing, to say the least. An important feature of the performance was the music, which was of a very catchy kind. Miss Alice Bray was the pianist and Miss Hilda VanTuyll gave a number of violin numbers between the acts.

Mrs. Scott was assisted in coaching the girls by Miss Lois Daniels and others who assisted in making the performance a success were Misses Flora Taylor, Lillian Havenhill and Irene Merrill.

A number have requested that a second performance be given and it is possible that this may be done in the near future.

AT CENTENARY CHURCH.

Next Wednesday evening at 6:30 o'clock Rev. Weber will give his last lecture on religious training before taking up the work in a regular text book. It is important that all teachers and all work be present Wednesday night.

The lectures have been very interesting and helpful. But it is not the plan to continue them through the course. Every Sunday school teacher who has never had an opportunity to attend a class in religious instruction should avail themselves of this chance.

If sufficient interest is shown

classes will be formed to meet the needs of the different departments.

A light lunch will be served at 6 o'clock and the class will adjourn in time for the evangelistic services now in program at Centenary church. Everyone is asked to take note book and pencil.

FUNERAL SERVICES

FOR MRS. R. P. ALLAN

Large Company Gathered to Honor Memory of Long Time Riggston Resident.

A very large company of friends and relatives gathered for the funeral service of the late Mrs. Robert P. Allan at the family home one-half mile west of Riggston, at 2 o'clock Sunday afternoon. The services were in charge of Rev. E. S. Borton of New Salem, a former pastor of the Riggston church, who was assisted by Rev. Elwin Palmer of Bluffs.

The large assembly gave testimony to the esteem in which Mrs. Allan was held in the community where all of her life had been spent. After the "Beautiful Isle of Somewhere" had been played on the Victrola Mrs. Norman Campbell and B. F. Lane sang "Rock of Ages." Mrs. S. G. Smith serving as accompanist. Rev. Mr. Palmer read suitable passages of Scripture and offered a prayer. "Sometime We'll Understand" was sung as a solo by S. G. Smith and then Rev. Mr. Borton spoke in a personal way of Mrs. Allan, whom he had come to know intimately while serving as pastor at Riggston.

The minister emphasized how much Mrs. Allan's life had meant to the community thru generous and unselfish service. She made the church a part of her everyday life and was never happier than when at work for the up-building of some department. Mr. Borton offered words of consolation to the grief-stricken relatives and friends, pointing to the Scriptural promises as evidence that they were not "as those without hope." After Mr. Borton had read an obituary notice he offered a reading prayer and Mrs. Campbell and Mr. Lane sang "In the Sweet Bye and Bye." Then the cortege moved from the house to the cemetery where Rev. Mr. Palmer offered prayer and the remains were laid to rest in a flower covered grave.

The flowers were cared for by Mrs. Helen McCullough, Mrs. Scott Holmes, Mrs. Paul Markillie, Mrs. John Allyn, Jr., Misses Irene McCullough, Grace Middleton and Zella Scott. The pall bearers were Floyd Allan, Leslie Lewis, Robert Middleton, Franklin Matthews, Scott Holmes and Burl Hornbeck. The honorary bearers were nephews of the deceased and were John M. Allyn, Jr., Allen McCullough, William McCullough and Russell Hornbeck.

The obituary notice read by the minister was as follows:

Sarah Victorine McCullough was a daughter of William and Emily Jane McCullough and was born Oct. 9, 1863, at the old family home one-half mile west of Riggston. She passed away Thursday morning at five o'clock, Feb. 17, 1921, at Passavant hospital following two days' illness of double pneumonia. She had, however, been ill for several days with glandular infection.

She received her early education in the district school of her home, sup-

plementing this course with two years at the Illinois Woman's college.

On Oct. 3, 1888, she was married to Robert P. Allan, who survives her, together with the children, Emily Jane, wife of William A. Ray of Jacksonville, Robert Howard Allan and Clifford B. Allan, both of this community, and four grand children.

She also leaves the following brothers and sisters: Mrs. Jennie Allen of St. Louis, Mrs. T. W. B. Everhart of Los Angeles, Cal., Mrs. H. B. Gibbs of near Winchester, William G. McCullough, W. E. McCullough and G. Howard McCullough of the Riggston community, and A. C. McCullough of Lynnville. She is preceded in death by her parents and one sister, Mrs. Cynthia Hornbeck.

In the passing away of Mrs. Allan the community loses a woman of unusual strength of character and life. Her convictions were strong and no task or undertaking seemed too difficult for her. In her great desire to do for others she forgot self. She did not desire praise, all she asked in return was love and good will. She lived a life of service, wonderful in searching out the little things which might be done to make others happy and cheerful.

Early in life Mrs. Allan united with the Riggston M. E. church and was ever true and faithful to the teachings of the church she loved so well. Thoroughly orthodox in her faith she never faltered. Often had she remarked to the writer, "Give me the good old religion of our fathers and mothers." Just a few weeks before her death she was known to speak of the old Riggston church and expressed a desire that some day she might see a new church erected, one that would do honor to the noble men and women who had worshipped there in days gone by.

And how shall we speak of the home life of Mrs. Allan. While she cared for those of her neighbors and friends, yet in her home life she found the highest expressions of her thought and life. Here her real character was revealed. The sun shone brightly in her home because she was there. Her broad sympathy, tender ministrations, loving ways, knitted her little family together in a bond of genuine affection that broadened and deepened with the passing years. Her home was one of unusual hospitality. Neither friend nor stranger was slighted. Her hearth was ever burning for a royal welcome to all.

Today the community is wrapped in the mantle of sorrow because of her departure. Although her body may lie in yonder beautiful cemetery, her memory will ever be fragrant and so will the good life she has lived be reflected in the words and deeds of the loved ones and friends, whom she has left behind.

The Ladies of the Woodson Christian church will serve lunch at Dillard Fitzsimmons' sale Tuesday, Feb. 22nd. Ladies please bring or send two pies.

Industrial Serial Gold Bonds

Secured by

First Mortgage on Land and Plant of
THE VULCAN LOUISVILLE SMELTING CO.
CHICAGO, ILLINOIS

ISSUE

\$275,000

Coupon bonds in denominations of \$100, \$500 and \$1,000.

These bonds are callable at 102 in inverse order of maturity. Normal Federal Income Tax not in excess of 2% is paid by the issuer. The interest is payable semi-annually at the Chicago office of The Straus Brothers Company. The following facts are summarized from a letter written by Jules R. Kahn, President of the Company:

SECURITY

\$589,000

in land, buildings and equipment, appraised at present sound value.

Business—This Company, incorporated in 1907, has been successfully engaged in the smelting and refining of copper bearing materials since 1892. Its products are sold to brass foundries and used in the manufacture of railroad bearings, valves and general plumbing goods.

Purpose of Issue—The proceeds derived from the sale of these bonds are to be used to reduce the company's floating debt.

Security—These bonds are secured by a closed first mortgage on the Company's buildings, equipment and real estate located at North Chicago, Illinois, as well as being a general obligation of the Company.

Assets—The plant occupies 26.75 acres of land, and consists of twenty-three separate buildings. The value of the land, based on the appraisal of three reputable and competent appraisers, together with the sound depreciated value of the buildings and equipment appraised by The Lloyd-Thomas Company as of December 9, 1920, is \$589,440.20; thus the total bonded debt

of the company is 46.6% of these assets and each \$100 bond issued is secured by \$214.00 of permanent assets. After giving effect to new financing the current assets of the Company are 2.4 times all its liabilities not including the bonded indebtedness.

Earnings—Net average operating earnings, after liberal deductions for depreciation but before deduction of Federal taxes, for the five years ending December 31, 1920, were over seven times the maximum interest requirements of this issue. After deducting Federal taxes the net average operating earnings for the period were 5.5 times the maximum interest requirements.

The Value of Names

—A name may stand for everything or it may stand for nothing.

—The "Jacksonville Tailoring Company" is only a group of words. Our shop could be called just as well the Athens Tailors.

—Names, however, when they stand for service, for the actual reputation of a concern, built up through years of consistent service to a customer, mean everything.

—The management of the "Jacksonville Tailoring Company" has built a reputation which has placed a value upon its firm name.

—When you see that name you know that it means a place in which reliable clothing is made and sold upon honest terms—a place to which men return again and again to buy because of the sound business principles found in the shop which its name designates.

U. S. STEEL PAYS OUT LARGE PENSION FUND

Retired Employees Receive Nearly \$800,000—Beneficiaries Make No Contribution to Fund.

Pittsburgh, Feb. 21.—An aggregate of \$779,766.60 in pensions was paid to retired employees of the United States Steel Corporation and its subsidiary companies during the year 1920, according to the tenth annual report of the U. S. Steel and Carnegie pension fund, made public here tonight. This is \$46,059.15 more than was disbursed last year, and greater than any year since the establishment of the fund of 1911. There were 3,264 participants, 2,949 being on the list at the beginning of 1920 and 324 being added during the year. Two hundred and ninety-five were discontinued because of death or other causes, leaving 2,969 as active participants.

The total amount disbursed since the establishment of the fund is \$5,880,581.60 and starting with \$281,457.37 that year, it has increased annually, the amounts being for 1912, \$358,780.32; 1913, \$422,815.14; 1914, \$511,967.90; 1915, \$659,389.42; 1916, \$711,130.33; 1917, \$732,506.65; 1918, \$1,009,059.82; 1919, \$733,707.45, and for 1920, \$779,766.60. For ten years the average age of the pensioners has been 65.78 years, the average service, 30.41 years and the average payment of \$22.10 monthly.

The beneficiaries make no contribution to the fund. The money is derived from a trust of \$12,000,000 established by Andrew Carnegie and the United States Steel corporation.

Because so many of the corporation's activities are in the Pitts-

burgh district, naturally a large proportion of the fund is distributed here. The Carnegie Steel company leads the subsidiary companies with \$168,715.79, more than \$100,000. Increase over the preceding year. The Edgar Thomson Works at Braddock, Pa., led all units of this company with \$36,387.17 awarded its retired employees, while the Homestead plant was second with \$35,873.80. Thirty-One Plants Participate. Thirty-one plants of the American Sheet and Tin Plate company participated to the extent of \$98,244.85. The greatest amount to any one of these was \$9,887.51 to the Aetna Standard Works at Bridgeport, O. Ten plants of the National Tube company, with the general offices and sales department received \$87,270.08, the largest beneficiary being the National Works at Pittsburgh with \$37,897.22.

The American Bridge company's seventeen plants and general offices received \$59,104.31, the Pennsylvania plant at Philadelphia receiving \$23,933.33, the largest beneficiary of this company. The plants are located in Connecticut, New York, New Jersey, Pennsylvania, Ohio, Missouri, Minnesota, and Michigan. Former employees of the old Keystone Bridge company, absorbed by the American Bridge company, received \$1,867.80.

The Illinois Steel company participated in \$50,282.62 among five plants and the general offices while the Tennessee Coal & Iron company had \$3,198.70 divided among eleven mines, quarries, furnaces and works beside general offices and transportation department.

Sixty-three units and the general offices of the H. C. Frick Coke company received \$75,184.49, while the Hostetter-Connelley Coke company, a subsidiary, divided \$1,041.30 between two units, and the United States Fuel company of Illinois, shared \$1,422.75 with three mines.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress, and sale of goods and chattels of such person." Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible. W. H. WEATHERFORD, Sheriff and Ex-Officio Collector

STRIKE IS URGED TO REDUCE HOTEL PRICES

Traveling Men Urged to Institute 30 Day Strike Against Hotels That Charge What Are Termed Exorbitant Prices for Room and Board.

Omaha, Neb.—Letters have been sent to the 600,000 commercial travelers urging them to institute a 30 day strike against hotels that charge what the organization terms exorbitant prices for room and food.

"Jesse James was a piker in his palmiest days when compared with the prices some hotels are asking," says the letter.

The letters have been sent out by the Hotel committee of the International Federation of Commercial Travelers organizations and says in part:

"Traveling men all over the country have reached the conclusion that the prices charged by hotels for rooms and meals have reached the peak. The traveling fraternity has the same weapon with which to wage warfare upon the hotel proprietors and hotel corporations that the general public used in refusing to purchase wearing apparel and shoes at prices which they thought unreasonable and out of proportion.

Therefore, the hotel committee of the International Federation of Commercial Travelers Organizations urges the recipient of this letter to refuse to patronize such hotels as are charging or asking exorbitant prices for rooms and food. This letter is being sent to six hundred thousand (600,000) traveling men and each and every man must do his part for only in union is there strength, and only by the concentrated efforts of the army of six hundred thousand of your craft can it be expected to get results.

"A thirty days' 'strike' along the line herein suggested will cause the hotels to soon offer more favorable terms, and inducements. When you step up to a hotel register and you are told the price of a room, if you believe it is exorbitant after taking into consideration the service offered and the investment of the hotel, do not hesitate to say so and walk out. This must also be done in restaurants.

"Traveling men from different parts of the country have sent the Hotel Committee copies of menu cards of leading hotels and by scanning the prices published thereon it makes one think that Jesse James was a piker in his palmiest days when compared with the prices some hotels are asking for accommodations. You cannot bring down these prices by submitting to them and then go out and kick. Your complaint must be made to the hotel proprietor and he must be given to understand that you and the members of your craft intend to refuse to pay them."

PUBLIC SALE. Thursday, Feb. 24, 3 miles north Manchester and 4 miles southwest of Murrayville, 10:30 a. m., horses, cattle, hogs, sheep, farm implements. Charles E. Radloff.

A WOMAN'S BACK

The Advice of This Jacksonville Woman is of Certain Value Many a woman's back has many aches and pains. Oftentimes 'tis the kidneys' fault. That's why Doan's Kidney Pills are so effective. Ask your neighbor. Many Jacksonville women know this.

Read what one has to say about it: Mrs. M. J. Scovill, 902 Hackett Ave., Jacksonville, says: "Two years ago I was down with my back and it was a job for me to get through with my housework. I also had blinding, dizzy spells and my kidneys acted irregularly. I heard of Doan's Kidney Pills were good, so I tried them. They weren't long in curing me. Since then I have had no kidney trouble."

Price, 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Scovill had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

Thru its Public Health Department Says:—

Beginning the New Year with a SOUND BODY presided over by a sound mind—free, unbiased and with a large vision, is the surest preparation for a successful year. Money and attention devoted to securing this condition are the safest investments and bring the largest returns. Were I permitted I would say to you who are sick and need Surgical Attention—that "the next thing to having wisdom ourselves is to be profited by that of others," and have that examination made and defects removed.

Wisdom led over three hundred who valued life more than all things earthly—to travel the path that leads to the modern operating room of the New Home Sanitarium last year. They are living proof of the fact "That results of your work tell the people more about you than your 'SHEEP SKIN' or 'SOCIAL STANDING.'" "SAFETY FIRST—if WISDOM is your GUIDE."

SEED CORN—We have had a
wonderful season in Mason City
this year for maturing seed corn
with the result that we have the
finest lot of well dried 1920 crop
of seed corn that we have ever
grown. This corn is gathered
in the fall and placed on drying
racks when it is very slowly
dried down to twelve or fourteen
per cent moisture content.
This gives corn a very high
vitality. We have been in the
seed corn business in a large
way for over thirteen years and
have the largest and best
equipped drying plant in the
world. Our down town plant is
in the center of Mason City,
right on the hard road between
Springfield and Peoria. It is
well worth a trip to Mason City
to see this corn. Price is only
\$3.50 per bushel. Write for
beautifully illustrated cata-
logue. Box 44.
W. T. Ainsworth & Sons,
Mason City, Ill.

Announcing Oldsmobile 4

Built to Extend the Fame of a Good Name

The Oldsmobile "4" is now ready for your inspection at our salesrooms.

And it will pay you to approach this car with an open mind and to satisfy yourself as to its very apparent better value.

So firm are we in our conviction that this addition to the Oldsmobile line crowns every previous idea of moderate-priced four-cylinder value, that we prefer to leave the verdict to your personal inspection.

See this car. Observe its evident virtues of permanent style, sane design and sturdier construction. Note how it retains the same pleasing lines, the same close attention to body details that have always emphasized Oldsmobile beauty and comfort.

Ride in the car. Drive it yourself. Because when you actually drive the car yourself or ride in it you will appreciate that these surface excellences are but outward signs of its unseen virtues.

In looking over the Oldsmobile "4" we purposely ask you to forget any preconceived standard you have had of value. Because we believe the Oldsmobile "4" is going to sweep aside every precedent of four cylinder goodness that you may have had of any car of like class.
